Dissertations, Theses

1. Angelina G. An epidemiological evaluation of TB/HIV - AIDS status in Malaysia: clinical and microbiological outcomes of the diseases. MSc Thesis. Universiti Sains Malaysia, 2004.
2. Azureen A. Prevalence of HIV and syphilis infection amongst needle syringe exchange programme attendees at the IKHLAS drop-in centre, Chow Kit, Kuala Lumpur. MMed (Int Med) Dissertation. University of Malaya, 2011.
3. Chin CKL. Knowledge, attitude and practices regarding HIV/AIDS in Peninsular Malaysia : a cross sectional study. MMedSc Dissertation. University of Malaya, 2012.

4. Chong EGM. Characteristics of elderly HIV patients and their immunological response to HAART therapy. MMed (Int Med) Dissertation. University of Malaya, 2010
5. Chow WZ. A molecular epidemiology and evolutionary study of hiv-1 among a sample of people who inject drugs in Kuala Lumpur. MMedSc Dissertation. University of Malaya, 2013
6. Chukwudozie EA. Monitoring and evaluation of HIV/AIDS health education and promotion in Kuala Lumpur. MA Dissertation. University of Malaya, 2004
7. Joseph Rajah SJ. Effects of progressive resistance exercise using elastic resistance bands on self-reported health functioning, body composition and selected muscle strength in patients with HIV infection. MSpMed Dissertation. University of Malaya, 2012.
8. Kannan A. A comparison of peer-led and teacher-led interventions in changing knowledge and attitudes related to HIV/AIDS among secondary school students. Masters Thesis, Universiti Putra Malaysia, 2003
9. Khor BP. HIV and hepatitis B and C co-infection and antiretroviral therapy-related hepatotoxicity in University Malaya Medical Centre infectious diseases clinic. MMed (Int Med) Dissertation. University of Malaya, 2004.
10. Kyaw NTT. Content Analysis of National Strategic Plans on HIV/AIDS and Global AIDS Response Progress Reports from Eight Southeast Asia Countries. MPH Dissertation. Georgia State University, 2013.
11. Lau KAH. Biology and molecular biology of new hiv-1 recombinants from Malaysia. PhD Thesis. University of Sydney, 2009.
<http://ses.library.usyd.edu.au/bitstream/2123/4129/1/ka-lau-2009-thesis.pdf>
12. Lee CE. A prospective cross-sectional study to evaluate the use of the Dried Blood Spot (DBS) collection method as a tool for the detection of HIV Ag/Ab, HBsAg, anti-HBs and anti-HCV at the University Malaya Medical Centre. MMed (Int Med) Dissertation. University Malaya, 2010
13. Lee YY. Nevirapine-induced rash and hepatotoxicity among HIV infected patients in Kuala Lumpur, Malaysia. MMed (Int Med) Dissertations. University of Malaya, Kuala Lumpur, 2005
14. Leong CL. Causes of fever in HIV-infected patients at the University Malaya Medical Centre admitted from 1990-2000. MMed (Int Med) Dissertation. University of Malaya, 2001
15. Masliza Z. Knowledge and perception on HIV/AIDS and the needle and syringe exchange program among police officers. MMed (Int Med) Dissertation. University of Malaya, 2006
16. Mohd Sapuan B. Survival and prognostic factors of adult human immunodeficiency virus (HIV) patients in Hospital Universiti Sains Malaysia (Husm) from 2002 to 2006. MSc (Medical Statistics) Dissertation. Universiti Sains Malaysia, 2011
17. Muhamad Yazli Y. Metabolic syndrome and subclinical atherosclerosis in urban Malaysian HIV-infected patients. MMed (Int Med) Dissertation. University of Malaya, 2012.
18. Muhammad Muhsin AZ. Prevalence of psychiatric morbidity among sentenced prisoners with HIV positive in Malaysian prison. MPsyMed Dissertation. University of Malaya, 2006
19. Noor Hamiza M. Hukum-hukum berkaitan pesakit AIDS dalam urusan ibadat dan kekeluargaan. MSyariah Dissertation. University of Malaya, 2010
20. Nordin M. Knowledge, attitude and practices pertaining to HIV/AIDS among form four students in few selected schools in the State of Perlis. MPH Dissertation. University of Malaya, 2002
21. Norhafizah A. Assessment of functional health status among children with hiv and their caregivers in HKL. MPaed Dissertation. University of Malaya, 2013
22. Ong LY. Molecular diversity of HIV-1 and surveillance of transmitted drug resistance variants 5 years after active rollout of highly active antiretroviral therapy (HAART) in Kuala Lumpur, Malaysia. MMed (Int Med) Dissertation. University of Malaya, 2013
23. Rahayu L. Determinants for disease progression in AIDS patients receiving treatment in the University of Malaya Medical Centre. MMedSc Dissertation. University of Malaya, 2013.
24. Rofina AR. Provider initiated HIV testing and counselling (PITC) : a pilot study in primary care. MMed (Fam Med) Dissertation. University of Malaya, 2010
25. Rozaini MS. Effect of highly active antiretroviral therapy on AIDS mortality and AIDS defining events among AIDS patients in Hospital Sungai Buloh. MPH Dissertation. University of Malaya. 2010

26. Rozina R. Knowledge, attitude and practices related to human immunodeficiency virus and acquired immunodeficiency syndrome among students in Universiti Putra Malaysia. Masters Thesis, Universiti Putra Malaysia, 2009
27. Santhi VP. Chest radiograph in assessing the severity of pulmonary tuberculosis among HIV and non-HIV patients. MMed (Radiology) Dissertation. Universiti Sains Malaysia, 2011
28. Sharifah Faridah SO. Prospective study on immune restoration disease in HIV : infected patients at the University Malaya Medical Centre. MMed (Int Med) Dissertation. University of Malaya, 2007
29. Shariffah Suraya SJ. Knowledge, attitudes and willingness to care for HIV/AIDS patients : a case study of health care workers at University Malaya Medical Centre. MA Dissertation. University of Malaya, 2005
30. Shaseela Sri La SP. Prevalence of symptomatic distal symmetrical peripheral neuropathy (DSPN) in HIV patients in University Malaya Medical Centre. MMed (Int Med) Dissertation. University of Malaya, 2006
31. Siti Asma' H. Comparison of microscopy and polymerase chain reaction (PCR) in the detection of *Pneumocystis carinii* in HIV infected patients admitted at General Hospital Kota Bharu (GHKB). MPath (Microbiology) Dissertation. Universiti Sains Malaysia, 2006
32. Sridevi RKN. The economic impact of AIDS/HIV. MEcon Dissertation. University of Malaya, 2001.
33. Sukandi J. The outcome of HIV infected pregnant mother and the rate of maternal to child transmission of human immunodeficiency virus. MMed (Obstetric & Gynaecology) Dissertation. Universiti Sains Malaysia, 2006
34. Suganthy R. The association between illicit drug use and tuberculosis among HIV-TB co-infected patients at the University Malaya Medical Centre. MMed (Int Med) Dissertation. University of Malaya, 2011
35. Tan DBA. Immunological determinants of immune restoration disease and immune recovery in HIV patients on antiretroviral therapy. PhD Thesis. University of Western Australia, 2011
36. Tee KK. HIV-1 mutation and its association with antiretroviral drug resistance. MMedSc Dissertation. University of Malaya, 2005
37. Tee KK. Molecular epidemiology, virology and evolutionary dynamics of human immunodeficiency virus type 1 (HIV-1) circulating recombinant forms. PhD Thesis. University of Malaya, 2008
38. Vickneswari A. An evaluation of the time interval between awareness of risk and testing and between testing positive and obtaining treatment in a sample of HIV infected patients in Kuala Lumpur. MMed (Fam Med) Dissertation. University of Malaya, 2002.
39. Yasmin MG. Clinical, virological and immunological response to an efavirenz based therapy in a cohort of antiretroviral naive HIV patients. MMed (Int Med) Dissertation. University of Malaya, 2011
40. Zaidah AR. Evaluation of microscopy, polymerase chain reaction (PCR) and immunoassay tests for the detection of *Cryptosporidium parvum* in stool specimens of HIV-infected patient. MPath (Microbiology) Dissertation. Universiti Sains Malaysia, 2006
