

NCCR 2017

11th National Conference for Clinical Research

In Conjunction with

REACTA Forum 2017

5th Regional Asian Clinical Trial Association Forum

27th - 29th SEPTEMBER 2017

PUTRAJAYA INTERNATIONAL CONVENTION CENTRE (PICC), PUTRAJAYA, MALAYSIA

PRECISION MEDICINE - THE FUTURE IS NOW

NCCR 2017 IMPORTANT DATES:

RESEARCH POSTER COMPETITION

(Dr Wu Lien-Teh Research Awards)

Call for Abstract: **15th February 2017**

(Online Submission at www.nccrconference.com.my)

Deadline: **15th July 2017**

Participating Author Registration Deadline: **30th August 2017**

We are pleased to announce that this year, the 11th National Conference for Clinical Research (NCCR) will be partnering with the Regional Asian Clinical Trial Association's annual REACTA Forum to offer more interesting topics, this time revolving around precision medicine and global clinical trials as well as opportunities to networking and to form potential research collaborations.

REACTA (REgional Asian Clinical Trial Association) is uniquely positioned with a diverse group of members from the countries in the Asian region which comprise those hospitals, academic medical centers and industries which perform a leadership role in implementing sound clinical study practices in furtherance of safe and effective medication in their respective country.

Aiming at the advancement of medicine and human healthcare, the members desire to collaborate and be proactive in promoting and facilitating clinical research in such continuously evolving clinical research environment. To that end, REACTA's members are focused on developing three aspirations:

Aspiration I: Growing Asia and Connecting to the World

Aspiration II: Exchanging Knowledge and Building Capabilities

Aspiration III: Joining Forces and Enhancing Multinational IISs

Website : www.reacta.asia

This three-day event will provide a platform to gain insights and new findings from global thought leaders, researchers and stakeholders. This year's focus will be on the advancement in precision medicine - the challenges and opportunities in this promising sector and updates in clinical research.

The US National Institute of Health describes Precision Medicine as :

"an emerging approach for disease treatment and prevention that takes into account individual variability in genes, environment, and lifestyle for each person."

DISCOVER

New findings, latest technology and ongoing research to improve patient outcomes and better care for patients.

NETWORK

Connect with peers, global thought leaders, share similar interests and establish contacts to form potential research collaborations.

LEARN

Leaders and experts will share educational insights on precision medicine; how new technologies and integrated data help to realise the potential in precision medicine into the clinical setting and its impact on health care delivery.

RESEARCH POSTER COMPETITION

DR WU LIEN-TEH RESEARCH AWARDS

- Share & publicise your research findings
- Present research protocols
- Be recognized for your work
- Cash, medal and certificate of achievements to be won

NCCR 2017's Research Poster Competition is an opportunity to share your findings with the rest of the clinical research community. Shortlisted posters will be exhibited for the entire 2 days of the conference. This year, there will be 3 categories for competition which are "Research", "Clinical Audit" and "Case Report / Series".

Young Investigator Awards

Awards is specially given to **young researchers** (40 years of age or below) where the **top 3** shortlisted abstracts irrespective of categories (EXCEPT case report / series), will have the chance to elaborate their research during the **Oral Presentation** on the 2nd day (28 July 2016) of the conference in front of an expert panel, the placing of the top 3 will be announced at the prize-giving ceremony.

Best Poster Awards

The selected 3 best poster (no age limit) will be awarded the 1st, 2nd or 3rd place irrespective of categories.

*In each category, certificates of achievement will be given out up to top 3, if deemed qualified by the judges.

RESEARCH POSTER COMPETITION

DR WU LIEN-TEH RESEARCH AWARDS

This year's cash prizes and medals are sponsored by:

PRIZE	YOUNG INVESTIGATORS AWARDS	BEST POSTER AWARDS
1st Prize	RM 1000 + Medal	RM 500 + Medal
2nd Prize	RM 500	RM 200
3rd Prize	RM 250	RM 150

* Each Winner will also receive a *certificate* of achievement
