Applying for ASEAN Dialogue Partner’s Fund & ASEAN Fund

Ms. CHEONG Lee Sing (Alice)
Assistant Director and Head of Science and Technology Division
ASEAN Secretariat

Workshop on Science, Technology and Innovation International Collaboration Fund, 17 April 2018, Putrajaya, Malaysia
My perspective as a Researcher

- I worked at Nanyang Polytechnic in Singapore
- As researcher in specialized Bioinformatics Group, I was Co-PI for
  - NRF-TRD grant (Singapore), May 2010 – May 2012
  - Tote Board Social Innovation Fund (Singapore), August 2011 – February 2014
  - MOE-TIF grant (Singapore), April 2013 - March 2015
My perspective as a Researcher

What are eligible expenditure?

- Direct cost (aka incremental cost)
- Manpower expenditure?
- Equipment expenditure?
- Lab supplies, consumables, materials, animals expenditure?
- Laboratory services and laboratory space expenditure?
- Conference and publication expenditure?
- Intellectual property filing expenditure?
- Overseas research attachment expenditure?
My perspective as a Researcher

What type of research and development does it fund?

**Fundamental research** (experimental or theoretical work aimed at gaining new knowledge)?

**Industrial research** (research with a specific practical objective aimed at improving existing products, processes, or services)?

**Experimental development** (research aimed at producing drafts, plans, and prototypes)?
My perspective from working at ASEAN Secretariat

- Myself: Jul 2015 – now
- I work at S&T division of ASEAN Secretariat
  - providing administrative support to the ASEAN S&T sector;
  - act as resource person, especially on the ASEAN regional cooperation processes and procedures, and on past decisions of the ASEAN S&T sector; and
  - etc.
What are the funds available for ASEAN regional cooperation?

How are they similar to academic R&D grants?

How are they different from academic R&D grants?
ASEAN Declaration (8 August 1967)

Aims:
• Cooperation in the economic, social, cultural, technical, scientific and administrative fields.
• Promotion of regional peace and stability through abiding respect for justice and the rule of law and adherence to the principles of the United Nations Charter.

This Plan of Action is aimed at implementing the goals and objectives of the Joint Statement on the ASEAN-U.S. Strategic Partnership, the Joint Vision Statement on the ASEAN-U.S. Enhanced Partnership, and the ASEAN-U.S. Summits, to strengthen the ASEAN-U.S. Enhanced Partnership for Enduring Peace and Prosperity. It will continue to pursue the goals and objectives of these documents in the next five years (2016-2020), building upon the strong cooperation between ASEAN and the United States since 1977 and the achievements made in the implementation of the previous Plan of Action (2011-2015).
2. **Project Justification, Regionality and Beneficiaries – 600 words max**

(For more details, see the “Handbook on Proposal Development for ASEAN Cooperation Projects”)

(a) **Current Problem** – Describe briefly the issues or problems in the region or sector that the project seeks to address. Explain what is causing these issues or problems. Your write-up has to be clearly linked to the project objective.

(b) **Regionality** – Show that the problem or issue affects more than one ASEAN Member State and requires regional action. This is needed for the project to be considered an ASEAN Cooperation Project.

(c) **Project History** – List related projects/activities previously or currently implemented. Describe how this project complements them. For recurring project, please include outputs/lesson learned from previous project.

(d) **Beneficiaries** – Please state who will directly benefit from and the stakeholders that will be engaged in this project. The proponent could also identify who could benefit indirectly.
Usually funds 3 types of development intervention so that consistent regional management practices and regimes can be implemented:

1. Policy Initiative
   - so that regionally consistent legislative framework for certain institutional practices can be created

2. Establishment of Institutional Mechanism
   - so that consistent regional management practices and regimes can be implemented

3. Human Capacity Building
   - so that harmonisation efforts in national policies and institutional mechanism can be achieved
Regionality

Guiding principle: Resources available at the regional level to be used for issues that can be effectively addressed at the regional level, and not for issues that require national action.

Primary criteria:

☑️ The problem or need is regional, not national, by definition.

☑️ The problem or need requires regional cooperation in order to bring about a solution.
Regionality

Secondary criteria:

☑ There is a comparative advantage or value-added by approaching an issue on a regional basis.

☑ There are economies realized by regional specialization.

☑ The solution to the problem or need would promote regional integration.
Beneficiaries

☑ Researchers who worked on the project
☑ Universities as it is recognized for it’s researchers’ publications

Not this perspective
Beneficiaries

• Users of the project’s outcomes (e.g. S&T for Policy, the Ministries of xxx for policy making)
• Indirect beneficiaries (e.g. Target audience of the policy decision)

4. Project Management Arrangements – 600 words max

(a) Management Arrangements – Describe briefly the management structure of the project, including responsibilities, coordination mechanisms, and reporting line. It should clearly identify the responsible implementing agency to receive the fund, achievement of project results and submission of the completion report.

(b) Human Resource Inputs – Specify type and number of personnel who are involved in the project.

If applicable, please include the Terms of Reference of each position in the annexes.

(c) Monitoring and Evaluation Arrangements – Describe the plan for how the monitoring and reporting will be carried out. Please note that a progress report is required for project which spans between two financial year and or more than 1 year. Please note that project evaluation is required for projects with budget of more than USD 1 million or more than 1 year duration, Project evaluation should be budgeted for accordingly. For more details on progress reports and project evaluations, see the “Handbook on Proposal Development for ASEAN Cooperation Projects”.

5. Project Sustainability – 300 words max

State how the output(s) of the project will be sustained after the project is completed.
6. **Gender And Other Cross Cutting Issues – 300 words max**

(a) **Gender** - Please indicate how gender-related issues aspects will be taken into account in the project implementation, such as how the project will ensure equal opportunity to participate in the project.

(b) **Other Cross Cutting Issues** - If applicable, state how other crosscutting issues have been adequately taken into account i.e. Environment, IT, Human Rights, etc.
