Kindly email the details for reservation or send the registration form to Unit Muzium Bioperubatan, Institut Penyelidikan Perubatan, Jalan Pahang, 50588, Kuala Lumpur

# NIH Research Week

17-21 NOV 2014

## Systematic Review Workshop

20 - 21 November 2014

Computer Room, IHM

Jalan Bangsar, Kuala Lumpur

organized by  
INSTITUTE FOR MEDICAL RESEARCH (IMR)

One of the biggest challenges within scientific research is to interpret the results of individual studies in the context of other research that has been done.

The evidence from a number of studies can be gathered together in one report which pools and analyses all available data to assess the strength of the evidence. These reports are called Systematic Review.

Hence, this workshop aims to introduce both Cochrane and Non - Cochrane Systematic review.

## Who is the speaker :

Assoc. Prof . Dr Lai Nai Ming  
Taylor's Medical University, Kuala Lumpur

## Who should attend :

Researchers  
Doctors  
Scientific Officers
